

JUSTIN JOSHI

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in volunteering. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a non-profit with lasting impact..

WORK EXPERIENCE

Software Engineer at 100Devs, Los Angeles, CA

January 2025 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

InvoiceIQ Tracker (Fullstack Web App) – Automatically parses emails to extract PDF invoices. The PDFs are converted into JSON format, capturing data such as items purchased, quantities, purchase dates, and pricing. This data can be integrated with analytics services, enabling business owners to gain insights into their purchasing metrics.

Bubble's Kitchen (HTML & CSS Site) – Designed a visually appealing website for Bubble's Kitchen. The site features a warm and inviting theme, fully customized promotional video, and an optimized mobile version.

Other Projects: Lakeside Slots Virtual Casino, Los Angeles Wonders Society APOD Web App with NASA API integration, On-Demand Color Palette Changer for Partnered Twitch Streamer, and many more.

Project Manager at Isha Foundation, McMinnville, TN

Feb 2023 — Nov 2024

Managed an accommodation operation of over 300 rooms, created an inventory management system resulting in a 15% over stocking reduction. Collaborated with a product warehouse operation featuring 200+ offerings to boost productivity and improve task documentation.

Service Professional at Olive Garden | Boston, MA

January 2021 — November 2023

Ranked top 4 servers overall in the restaurant with 98% survey approval rating. Customer satisfaction rating of 4.8 stars overall.
